In the Philippines, a type of love song known as the Kundiman had existed since the early 19th century. But in the early 20 th century Kundiman had developed into art song. The term Kundiman comes from the Tagalog phrase “kung hindi man” or “if it were not so”. Written in the Tagalog language, these folksongs were subtly patriotic but typically disguised as love songs.

Psychology of religion consists of the application of psychological methods and interpretive frameworks to the diverse contents of religious traditions as well as to both religious and irreligious individuals. The extraordinary range of methods and frameworks can be helpfully summed up regarding the classic distinction between the natural-scientific and human...
